7th Grade Module 3 Expressions

About this unit. "Module 3 consolidates and expands students' previous work with generating equivalent expressions and solving equations. Students solve real-life and mathematical problems using

Online Library 7th Grade Module 3

Expressions And Equations Topic A Use

numerical and algebraic expressions and equations. Their work with expressions and equations is applied to finding unknown angles and problems involving area, volume, and surface area."

Module 3: Expressions and equations | Khan Academy

Students use properties of operations to generate equivalent expressions. They solve problems using expressions, equations, and inequalities. Finally, students use equations and inequalities to solve geometry problems.
