Synopsis. In her groundbreaking book, sociologist Saskia Sassen identifies two sets of processes that make up globalisation. One is the set of global institutions, such as the World Trade Organization, global financial markets, the War Crimes Tribunals and the new global cosmopolitanism. However, there is a second set of processes, frequently ignored by most social scientists, that occur on the national and local level.

~~A Sociology of Globalization (Contemporary Societies ...~~

The sociology of globalization is a subfield within sociology that focuses on understanding the structures, institutions, groups, relationships, ideologies, trends, and patterns that are particular to a globalized world. Sociologists whose research lies within this subfield focus on how the process of globalization has shifted or changed pre-existing elements of society, new elements of society that may have evolved in response to globalization, and the social, economic, political, cultural ...

Synopsis. "Contemporary Economic Sociology" closely examines critical and contemporary issues in the sociology of economic life. Bringing together a range of theoretical perspectives, Fran Tonkiss examines major shifts in the organization of economy and society - from the politics of globalization to the cultural economy, social exclusion and the 'end' of class.

### ~~Contemporary Economic Sociology: Globalisation, Production ...~~

Economic globalisation has involved increasing rationalisation and differentiation, both of which seem to undermine the role of religion in societies. Some aspects of cultural globalisation, such as the growth of consumer culture seem to undermine religious values - with some churches being converted into homes and shops in the West.
