In 2012, Lawrence Grobel appeared as himself in Al Pacino's movie "Wild Salome." He told me that before he agreed to do Godfather Two, he was shown an attaché case filled with money. Since he was paid $50,000 for the first Godfather, that million-plus dollar case was quite a raise.

Not only is Al Pacino known as 'one of the greatest actors in all of film history', he is also considered 'one of Hollywood's most notorious bachelors' (imdb.com) as well as being one of the most enigmatic and private celebrities in the world. For the first time, AL PACINO offers a deeply personal and revealing window into everything from his growing up in the South Bronx, where he shared three rooms with nine people, to his fabled studies with Charles Laughton and Lee Strasberg, his father's absence, his mother's early death, and how he bounced through a series of odd jobs until his first paid role at the age of 26. He reveals his childhood dream of becoming a professional baseball player, describes his first drink at 13, and admits his once ate Valium like popcorn at the Academy Awards. Though he has been involved with women like Diane Keaton and Beverly D'Angelo, the mother of his three children, he has never married and here reveals why, and how his feelings have changed. Through it all, he has delivered some of the most seminal performances in film and theatre history and worked with most of its biggest stars. He was nominated for seven Academy Awards before winning Best Actor Oscar for Scent of a Woman. AL PACINO is an intensely personal look at a creative genius at the peak of his powers who, after all these years, still longs to learn more about his art. And for now, it's a close to a memoir as we are likely to get.

A portrait based on twenty-five years of interviews offers coverage of some of the Hollywood giant's most crucial life periods, from his childhood and adult relationships to his work in the Godfather trilogy and his eight Academy Award nominations. Reprint. 40,000 first printing.

He has spent his thirty-year career getting tough subjects to truly open up and talk. Now, in The Art of the Interview, he offers step-by-step instruction on all aspects of nailing an effective interview and provides an inside look on how he elicted such colorful responses as: "I don't like Shakespeare. I'd rather be in Malibu." —Anthony Hopkins "Feminists don't like me, and I don't like them."—Mel Gibson "I hope to God my friends steal my body out of a morgue and throw a party when I'm dead."—Drew Barrymore "I want you out of here. And I want those goddamn tapes!"—Bob Knight "I smoked pot with my father when I was eleven in 1973. . . . He thought he was giving me a mind-extending experience just like he used to give me Hemingway novels and Woody Allen films."—Anthony Kiedis In The Art of the Interview, Grobel reveals the most memorable stories from his career, along with examples of the most candid moments from his long list of famous interviewees, from Oscar-winning actors and Nobel laureates to Pulitzer Prizewinning writers and sports figures. In this candid biography Lawrence Grobel chronicles the remarkable story of the Huston family, which boasts three Oscar winners, from Walter to John to Anjelica, with particular attention to the rich career and tumultuous personal life of director/actor John Huston (1906-1987). This updated edition covers Anjelica's stormy relationship with Jack Nicholson, her liberating marriage to artist Robert Graham, the exploits of her brothers Tony and Danny, the mysterious silence of Maricela, John's last love interest and more. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Norman Mailer once told Lawrence Grobel that writers may be an endangered species. And Saul Bellow said, "The country has changed so, that what I do no longer signifies anything, as it did when I was young." But to judge from this collection, writers and writing aren't done for quite yet. Sometimes serious, sometimes funny, sometimes caustic, always passionate, the twelve writers in Endangered Species memorably state their case for what they do and how they do it. And they even offer an opinion or two about other writers and about the entire publishing food chain: from agents to publishers to booksellers to critics.

A biography of the actor discusses his roles in Serpico, Scarface, Dog Day Afternoon, the "Godfather" series of films, and other works and describes his childhood, rise to fame, relationships, and more. Original.

There's little debate that Robert De Niro is one of the greatest screen actors of his generation, perhaps of all time. His work, particularly in the first 20 years of his career, is unparalleled. De Niro become known for his deep involvement in his characters, resulting in extraordinary, chameleonic performances. Yet little is known about the off-screen De Niro--he is an intensely private man, whose rare public appearances are often marked by palpable awkwardness, in powerful contrast to his confident movie personae. In this compelling biography, Shawn Levy writes of these many De Niros--the characters and the man--seeking to understand the evolution of an actor who once dove deeply into his roles as if to hide his inner nature, and who now seemingly avoids acting challenges, taking roles which make few apparent demands on his overwhelming talent. Following De Niro's roots as the child of artists who encouraged him from an early age to be independent of vision and spirit, to his intense schooling as an actor, the rise of his career, his marriages, his life as a father, restaurateur, and businessman, and, of course, his current movie career, Levy has written a biography that reads like a novel about a character whose inner turmoil takes him to heights of artistry.--From publisher description.

Spanning several generations—from newcomers to Oscar Award-winning veterans—this volume features a discussion of the movies that shaped the careers of these filmmakers and, in turn, cinema history. Here directors, including Peter Bogdanovich, Kimberly Peirce, Arthur Hiller, and John Waters, explore the film they saw at an especially formative moment, how it influenced their own work—or, in some cases, led them to tell stories through movies themselves—and the effects it had on their thoughts about cinema. Revealing stories include how after watching Rebel Without a Cause, John Woo started combing his hair like James Dean and even began talking like him; Apocalypse Now inspired Danny Boyle to take risks and make larger-than-life films; and a line in The Wizard of Oz—"Who could ever have thought a good little girl like you could destroy all my beautiful wickedness?"—has become almost a personal mantra or prayer for John Waters.
