The Nine Stones, also known as the Devil's Nine Stones, the Nine Ladies, or Lady Williams and her Dog, is a stone circle located near to the village of Winterbourne Abbas in the southwestern English county of Dorset. Archaeologists believe that it was likely erected during the Bronze Age. The Nine Stones is part of a tradition of stone circle construction that spread through much of Great Britain, Ireland, and Brittany between 3,300 and 900 BCE, during the Late Neolithic and Early Bronze Age. Th

Sep 15th, 2012, by Dorset Ancestors. Around 1800 BC invaders from the Rhineland settled Britain, bringing with them a pagan tradition that emphasised the importance of stone sanctuaries rather than mere earthworks as foci of old religion ceremonial or ritual. The Beaker Folk as these people were called (after the style of their pottery) left behind many standing stones arranged in rows, avenues, circles, and in isolation, in the highland and lowland regions of the UK.

The population was very small, maybe only a few thousand across the whole of Britain, and concentrated along the coast: in Dorset, such places as the Isle of Purbeck, Weymouth, Chesil Beach and Hengistbury Head, and along the Stour valley. These populations used stone tools and fire to clear some of the native oak forest for herding prey.

**History of Dorset—Wikipedia**

The Little Mayne stones are described by Peter Knight in Ancient Stones of Dorset. Considerable megalithic activity seems to have been centred around Portesham, with a stone circle surviving on a spur of the coastal ridgeway only 1 km NW of the village.

Game of Stones A legend of giants re-told by our storyteller Martin Maudsley. Enjoy this story from The South Dorset Ridgeway, the Land of Bone and Stone. This story is part of Dorset...

List of members in each volume.

The Little Book of Dorset is a funny, fast-paced, fact-packed compendium of the places, people, legends and true stories about the county's past and present.

List of members in each volume.

The spectacular stone circles of western Europe, some nearly 6000 years old, have intrigued viewers through the ages. This beautiful book about these megalithic rings explores their ancestry, methods of construction, and eventual desertion. A substantially revised version of Aubrey Burl's highly praised work The Stone Circles of the British Isles, it offers new insights into the purpose of stone circles. It also provides a new interpretation of Stonehenge and of Callanish in Scotland, the first overview of the cromlechs in Brittany, a discussion of the problems of archaeoastronomy as related to stone circles, a greatly expanded Gazetteer, and an up-to-date list of radiocarbon dates and recent excavations.

Here, archaeologically documented, is the story of the religion of the Goddess. Under her, women 's roles were far more prominent than in patriarchal Judeo-Christian cultures. Stone describes this ancient system and, with its disintegration, the decline in women 's status.
