1525 BEC HB (2004) v5 - Cambridge English Exams

The Guide to prepare to do your best in the Cambridge English Business Certificate Exams, B1 Business Preliminary, B2 Business Vantage, C1 Business Higher.

This publication highlights the need for test developers to provide clear explanations of the ability constructs which underpin tests offered in the public domain. An explanation is increasingly required, if the validity of test score interpretation and use are to be supported both logically, and with empirical evidence. The book demonstrates the application of a comprehensive test validation framework which adopts a socio-cognitive perspective. The framework embraces six core components which reflect the practical nature and quality of an actual testing event. It examines Cambridge ESOL writing tasks from the following perspectives: Test Taker, Cognitive Validity, Context Validity, Scoring Validity, Criterion-related Validity and Consequential Validity. The authors show how an understanding and analysis of the framework and its components in relation to specific writing tests can assist test developers to operationalise their tests more effectively, especially in relation to criterial distinctions across test levels.

Workplace English language training programs represent a corporate investment in language skills enhancement and human capital development. This book evaluates English language training programs in Chinese workplaces by examining a range of training effectiveness variables and identifying the factors that facilitate or hinder effective learning outcomes for workplace English training programs and explores the potential benefits of these programs. This book will benefit both companies that are developing their training and development strategies and private training organizations that are developing training programs for particular industry and business needs. It will also be an excellent resource for learners who are seeking business English communication skills opportunities and trainers who are refining their workplace teaching practice. This book reiterates the significance of business English communication skills development programs in terms of the benefits to economic globalization, human capital development, employability, sustainable livelihoods, and lifelong learning in China. Having conducted a policy evaluation at both the national and local levels, this book also informs policy stipulation for corporate employee language training schemes. Although this book primarily examines corporate experience in China, the findings and recommendations will have important implications for other countries in Asia and worldwide.

Business Benchmark Second edition is the official Cambridge English preparation course for Cambridge English: Business Preliminary, Vantage and Higher (also known as BEC), and BULATS. A pacy, topic-based course with comprehensive coverage of language and skills for business, it motivates and engages both professionals and students preparing for working life. The Business Preliminary Student's Book contains authentic listening and reading materials, including interviews with business people, providing models for up to date business language. Grammar and vocabulary exercises train students to avoid common mistakes, identified using Cambridge's unique collection of real exam candidates' answers. 'Grammar workshops' practise grammar in relevant business contexts. A BULATS version of this Student's Book is also available.

Set of 4 authentic BEC practice test papers from Cambridge ESOL

This book constitutes the thoroughly refereed post-workshop proceedings of the Second International Symposium, SETE 2017, held in conjunction with ICWL 2017, Cape Town, South Africa, in September 2017. The 52 full and 13 short papers were carefully reviewed and selected from 123 submissions. This symposium attempts to provide opportunities for the crossfertilization of knowledge and ideas from researchers in diverse fields that make up this interdisciplinary research area.

Demand is steadily growing for language tests with a specialized focus which will suit the needs of key professional domains as diverse as business, law, the airline industry, and teacher education. This book explores the testing of language for sepcific purposes (LSP) from a theoretical and a practical perspective, with a particular focus on the testing of English for business purposes. A range of tests - both past and present - is reviewed, and the development of business English testing at Cambridge ESOL is discussed. The description of the revision of the Business English Certificates (BEC) forms a major part of the book and offers a unique insight into an approach to large-scale ESP test development and revision.

As modern technologies continue to develop and evolve, the ability of users to interface with new systems becomes a paramount concern. Research into new ways for humans to make use of advanced computers and other such technologies is necessary to fully realize the potential of 21st century tools. Human-Computer Interaction: Concepts, Methodologies, Tools, and Applications gathers research on user interfaces for advanced technologies and how these interfaces can facilitate new developments in the fields of robotics, assistive technologies, and computational intelligence. This four-volume reference contains cutting-edge research for computer scientists; faculty and students of robotics, digital science, and networked communications; and clinicians invested in assistive technologies. This seminal reference work includes chapters on topics pertaining to system usability, interactive design, mobile interfaces, virtual worlds, and more.

Further Ahead is a Business English course at lower-intermediate level. To meet the demand for BEC Preliminary Exam we have added a CD-ROM to the Learner's Book that provides a walk and talk through the exam and practice material. Further Ahead Learner's Book is at the right language level for students who are preparing for BEC Preliminary. The Practice Test with answer key and audio has been specially written for this book by Tricia Aspinall and Jake Allsop, two very experienced test writers.
