Capitalism: The Unknown Ideal (Signet Shakespeare) by Rand ...

Capitalism: The Unknown Ideal is a collection of essays, mostly by the philosopher Ayn Rand, with additional essays by her associates Nathaniel Branden, Alan Greenspan, and Robert Hessen. The authors focus on the moral nature of laissez-faire capitalism and private property. They have a very specific definition of capitalism, a system they regard as broader than simply property rights or free enterprise. It was originally published in 1966.

Capitalism: The Unknown Ideal Political economists—including the advocates of capital-ism—defined their science as the study of the management or direction or organization or manipulation of a "community's" or a nation's "resources." The nature of these "resources" was not defined; their communal ownership was taken for

The fundamentals of her philosophy are put forth in three nonfiction books, Introduction to Objectivist Epistemology, The Virtues of Selfishness, and Capitalism: The Unknown Ideal. They are all available in Signet editions, as is the magnificent statement of her artistic credo, The Romantic Manifesto .

Capitalism: The Unknown Ideal Mass Market Paperback ...

Capitalism is truly unknown to the world, as it has yet to be practiced by the collective in its most pure form without government or military intervention. As Ayn Rand emphasizes throughout this great book, true capitalism is simply a form of free trade based on the moral imperative of personal freedom and the rights of the individual above the state.

Capitalism: The Unknown Ideal Ayn Rand Nathaniel Branden Alan Greenspan

Robert Hessen This collection of 26 essays constitutes a challenging look at modern society. The foundations of capitalism are being battered by a flood of altruism, which is the cause of the modern world's collapse.

In this series of essays, Ayn Rand presents her stand on the persecution of big business, the causes of war, the default of conservatism, and the evils of altruism. The foundations of capitalism are being battered by a flood of altruism, which is the cause of the modern world's collapse. This is the view of Ayn Rand, a view so radically opposed to prevailing attitudes that it constitutes a major philosophic revolution. Here is a challenging new look at modern society by one of the most provocative intellectuals on the American scene. This edition includes two articles by Ayn Rand that did not appear in the hardcover edition: "The Wreckage of the Consensus," which presents the Objectivists' views on Vietnam and the draft; and "Requiem for Man," an answer to the Papal encyclical *Progresso Populorum*.

A collection of essays that sets forth the moral principles of Objectivism, Ayn Rand's controversial, groundbreaking philosophy. Since their initial publication, Rand's fictional works—*Anthem*, *The Fountainhead*, and *Atlas Shrugged*—have had a major impact on the intellectual scene. The underlying theme of her famous novels is her philosophy, a new morality—the ethics of rational self-interest—that offers a robust challenge to altruist-collectivist thought. Known as Objectivism, her divisive philosophy holds human life—the life proper to a rational being—as the standard of moral values and regards altruism as incompatible with man's nature. In this series of essays, Rand asks why man needs morality in the first place, and arrives at an answer that redefines a new code of ethics based on the virtue of selfishness. More Than 1 Million Copies Sold!

This remarkable, newly revised collection of Ayn Rand's early fiction—including her previously unpublished short story *The Night King*—ranges from beginner's exercises to excerpts from early versions of *We the Living* and *The Fountainhead*.

Here is Ayn Rand's first non-fiction work—a challenge to the prevalent philosophical doctrines of our time and the "atmosphere of guilt, of panic, of despair, of boredom, and of all-pervasive evasion" that they create. As incisive and relevant today as it was sixty years ago, this book presents the essentials of Ayn Rand's philosophy "for those who wish to acquire an integrated view of existence." In the title essay, she offers an analysis of Western culture, discusses the causes of its progress, its decline, its present bankruptcy, and points the road to an intellectual renaissance. One of the most controversial figures on the intellectual scene, Ayn Rand was the proponent of a moral philosophy—and ethic of rational self-interest—that stands in sharp opposition to the ethics of altruism and self-sacrifice. The fundamentals of this morality—"a philosophy for living on Earth"—are

Read Book Capitalism The Unknown Ideal Signet Shakespeare

here vibrantly set forth by the spokesman for a new class, For the New Intellectual.

In this beautifully written and brilliantly reasoned book, Ayn Rand throws a new light on the nature of art and its purpose in human life. Once again Miss Rand eloquently demonstrates her refusal to let popular catchwords and conventional ideas stand between her and the truth as she has discovered it. The Romantic Manifesto takes its place beside *The Fountainhead* as one of the most important achievements of our time.

In two novels, an architect takes drastic action after someone changes the plans for one of his buildings, and government leaders seeking control over all business become frantic as leaders from industrial companies suddenly disappear.

In 1958, Ayn Rand, already the world-famous author of such bestselling books as *Atlas Shrugged* and *The Fountainhead*, gave a private series of extemporaneous lectures in her own living room on the art of fiction. Tore Boeckmann and Leonard Peikoff for the first time now bring readers the edited transcript of these exciting personal statements. *The Art of Fiction* offers invaluable lessons, in which Rand analyzes the four essential elements of fiction: theme, plot, characterization, and style. She demonstrates her ideas by dissecting her best-known works, as well as those of other famous authors, such as Thomas Wolfe, Sinclair Lewis, and Victor Hugo. An historic accomplishment, this compendium will be a unique and fascinating resource for both writers and readers of fiction.

Ayn Rand Novel Collection
Ayn Rand
Two landmark epics from the famed philosopher and "a writer of great power" (*The New York Times Book Review*), *The Fountainhead* and *Atlas Shrugged* explore themes of individuality, freedom, and fascism and feature two of Ayn Rand's most famous characters, Howard Roark and John Galt.
The Fountainhead
Atlas Shrugged
