Question Papers

This book-first published a decade before the COVID-19 pandemic erupted-is the first authored volume on ethical issues in infectious disease, "monumental" for its competence and comprehensiveness. It is augmented

Where To Download Dubai Health Authority

here with a new Preface on COVID-19. The book develops an ethical framework for exploring contagious infectious disease, the patient-as-victim-and-vector view, grounded in the biological fact that a person with a communicable infectious disease is not only a victim of that

Where To Download Dubai Health Authority

disease, but at the same time also a potential vector. The patient may be both threatened, someone made ill or facing death, but also a threat, someone who may transmit an illness that will sicken or kill others. Clinical medicine has tended to see one part of this duality and public health the

Where To Download Dubai Health Authority

other; the victim-AND-vector view insists on both, at one and the same time. Against a background of methods from the long human history of contagious infectious disease- quarantine, isolation, cordon sanitaire, surveillance and contact tracing, testing by both archaic and modern
