“ Every point of view, every kind of knowledge and every kind of experience is limited and ignorant: nevertheless so far as I know, this volume seems to me to be as representative as it could be.—Delmore Schwartz

She ' s always craved his touch...even though it ' s forbidden. When Ash is assigned her first feature as a reporter, it should have been simple: interview a real life Dominant for an article about BDSM. But her subject is none other than Darien Gallagher, her best friend ' s stepfather...and it ' ll be an interview she never forgets. What started for Dare as a lesson in sensual domination suddenly has become so much more. He can't deny the spark between them, even though he knows she ' s completely off limits. With every seductive word, every lesson, Dare tests Ash's resolve and pushes her boundaries. But at the same time, her boss Adam has her craving things she shouldn ' t. While Ash finds herself dreaming of both men, a dark secret threatens to destroy everything. But how can she hold onto a relationship that isn ' t even real? The newest romance from Opal Carew, My Best Friend's Stepfather is everything fans desire!

This manual gives a complete, detailed and up-to-date description of the Eurostat-OECD PPP Programme, including its organisation, the various surveys carried out by participating countries and the ways PPPs are calculated and disseminated. It also provides guidance on the use of PPPs.

Draws on exclusive interviews to profile the acclaimed music artist's life and career, discussing such topics as his Long Island suburb upbringing, entry into the 1970s music scene and relationships with his closest associates. 100,000 first printing.

The first International Conference on Energy Efficiency in Household Appliances was held in Florence, Italy, in November 1997. This book provides a full account of presentations made, discussions and conclusions reached during the four days of the Conference. It offers a comprehensive picture of the issues at stake, of the results achieved so far through the design and application of standards, the promotion of a better consumer information, the development of energy efficient products and technologies as well as of test methods and other analytical tools.
