Use of Microsoft

Office Excel in

Chemical engineering  
calculations. In

Chemical engineering,  
people need to solve  
lot of problems in the  
process calculations.

If done by manual

Get Free  
Engineering  
Calculations  
method these  
calculations consume  
more time and often  
creates confusion. On  
the other hand we  
can use simulation  
software to solve  
small material  
balance to mighty  
design calculations,  
but they are too  
expensive to install  
for personal use.
