thousands of people, it explains everything: What is QAnon, where did it come from, and is the Capitol insurgency a sign of where it's going next? On October 5th, 2017, President Trump made a cryptic remark in the State Dining Room at a gathering of military officials. He said it felt like “the calm before the storm”—then refused to elaborate as puzzled journalists asked him to explain. But on the infamous message boards of 4chan, a mysterious poster going by “Q Clearance Patriot,” who claimed to be in “military intelligence,” began the elaboration on their own. In the days that followed, Q's wild yarn explaining Trump's remarks began to rival the sinister intricacies of a Tom Clancy novel, while satisfying the deepest desires of MAGA-America. But did any of what Q predicted come to pass? No. Did that stop people from clinging to every word they were reading, expanding its mythology, and promoting it wider and wider? No. Why not? Who were these rapt listeners? How do they reconcile their worldview with the America they see around them? Why do their numbers keep growing? Mike Rothschild, a journalist specializing in conspiracy theories, has been collecting their stories for years, and through interviews with QAnon converts, apostates, and victims, as well as psychologists, sociologists, and academics, he is uniquely equipped to explain the movement and its followers. In *The Storm Is Upon Us*, he takes readers from the background conspiracies and cults that fed the Q phenomenon, to its embrace by right-wing media and Donald Trump, through the rending of families as loved ones became addicted to Q's increasingly violent rhetoric, to the storming of the Capitol, and on. And as the phenomenon shows no sign of calming despite Trump's loss of the presidency—with everyone from Baby Boomers to Millennial moms proving susceptible to its messaging—and politicians starting to openly espouse its ideology, Rothschild makes a compelling case that mocking the seeming madness of QAnon will get us nowhere. Rather, his impassioned reportage makes clear it's time to figure out what QAnon really is — because QAnon and its relentlessly dark theory of everything isn't done yet.

Every Woman is a Princess..... It is the Princess who attracts limitless possibility in business, in relationships, and in life. And inside every woman lives a Princess. That's the good news.... The bad news is there is something that is keeping the Princess secret, silent, and small. There is a power that is constantly nagging the Princess to manipulate instead of manage, react instead of respond, and force instead of attract. The startling fact is this power is not society, business, culture, or men. This power that keeps the Princess secret, silent, and small is women themselves! In other words, the only thing that keeps women from all they want in business, relationships, and life is THEMSELVES - and the ingrained beliefs that they hold about being a woman. Have you ever wondered why women make less than they're worth? Why women back-bite and suppress other women? Why women get offended when a man holds the door for her? And, most importantly.... Why women act small when they hold the most powerful force in the universe? This book is about unlocking that force. It's about reclaiming your power as a woman and celebrating your femininity. It's about changing the beliefs you hold about being a woman in business, in relationships, and in life. "Don't Mess With the Princess" will help you Gain more confidence by powerfully embracing your femininity Create an extraordinary quality of life by cultivating empowering beliefs Realize your purpose and become fiercely committed to it Learn how to manage worry, doubt, and fear and demolish them forever Create clarity and focus to stay motivated every day and Attract all you need to make your life work and prosper! From boardroom to the bedroom, when you embrace who you were designed to be as a woman, you will create the most successful businesses, attract loving relationships, enjoy a sense of peace within yourself, and give balance and harmony to the planet. Are you ready to discover the Princess in you?"

the financial implications of the deal, the problems that continue to threaten the company, and the implications of the merger for business practice and the digital revolution.

With his thumbprint on the most ubiquitous films of childhood, Walt Disney is widely considered to be the most conventional of all major American moviemakers. The adjective "Disneyfied" has become shorthand for a creative work that has abandoned any controversial or substantial content to find commercial success. But does Disney deserve that reputation? Douglas Brode overturns the idea of Disney as a middlebrow filmmaker by detailing how Disney movies played a key role in transforming children of the Eisenhower era into the radical youth of the Age of Aquarius. Using close readings of Disney projects, Brode shows that Disney's films were frequently ahead of their time thematically. Long before the cultural tumult of the sixties, Disney films preached pacifism, introduced a generation to the notion of feminism, offered the screen's first drug-trip imagery, encouraged young people to become runaways, insisted on the need for integration, advanced the notion of a sexual revolution, created the concept of multiculturalism, called for a return to nature, nourished the cult of the righteous outlaw, justified violent radicalism in defense of individual rights, argued in favor of communal living, and encouraged antiauthoritarian attitudes. Brode argues that Disney, more than any other influence in popular culture, should be considered the primary creator of the sixties counterculture—a reality that couldn't be further from his "conventional" reputation.

Rooted in the creative success of over 30 years of supermarket tabloid publishing, the Weekly World News has been the world's only reliable news source since 1979. The online hub www.weeklyworldnews.com is a leading entertainment news site.

When I first began my career [as an art appraiser in the 70s], America became enthralled with *Upstairs/Downstairs*. Now, forty years later, new versions of the same story lines have recaptured our fascination. While these have been pure fiction, what follows are true vignettes of Old Money life from my years among the rich and quietly famous. And I can assure my readers the real Biddles, DuPonts, and Rockefellers exhibited all the grandeur, falderaland occasional witlessness of their made-up British counterparts. from *The Appraiser Calls, Encounters with Aristocracy* The knowledgeable and always entertaining John Hazard Forbes takes us along as he unlocks the secret enclaves of exclusive families, often exposing much more than the mere value of their possessions. E. Shaver, bookseller *The Appraiser Calls* is the latest addition to the Old Money America book series. Each chapter is a true recollection of the authors encounters with the very rich and quietly famous. Within each self-contained chapter, the reader will meet remarkable people of elegance, whimsy, courage, foolishness, and tragedy plus the cover-up of a nasty crime. The Addendum section includes notes on Old Money savior faire, the secret language of Americas oldest and richest families, and an actual room by room appraisal of every item inside an elegant New York City townhouse.
