Adams, Sandra Phillips and many others. Each story responds to images selected by project contributors.

Photography Changes Everything by Marvin Heiferman
Photography Changes Everything became clearer, to create an opportunity to explore the medium's active role in our lives and world. Easier said than done, as art historian John Tagg pointed out when he described the medium's slipperiness: Photography as such has no identity. Its status as a technology varies with the power relations which invest it.

Photography Changes Everything by Marvin Heiferman
Camera-use (or picture use) does indeed change everything. The title of the book is ambitious, but not wrong. In a number of short passages, professionals explain how photography has affected their businesses. In almost all cases, they make clear that photography is not incidental or marginal to what they do.
