A power move, explains experienced chess teacher Charles Hertan, is a winning master tactic that requires thinking ahead. To become one of the best chess players in your school you need to be able to think just 1,5 moves ahead, and this book teaches the four basic tricks do so. You will learn how to weed out silly moves and just consider a few important ones. Forget about learning openings and endgames, power moves will help you win in all stages of the game. Charles Hertan introduces the four main characters who will help you to learn these basic skills: Zort (a teenaged computer from the planet Zugzwang), the Dinosaurs, Power Chess Kid and the Chess Professor . The most complete and fun kids book ever on learning how to win games!

In this introduction to chess, "first get the hang of moving each piece [and] understand the rules, then find out how to capture pieces and win ... Try out different tactics, discover super-secret strategies, and practice thinking ahead"--Publisher marketing.

Award-winning author Charles Hertan knows what kids really need to know (and want to know) about getting their pawns and pieces ready for action. Traditional chess opening books concentrate on the variations in different openings. Charles Hertan believes that for beginners and advanced beginners memorizing lines is not only boring but also a waste of time. Hertan ' s approach is different. He helps kids to develop a solid understanding of the fundamental opening principles. What are the properties of each chess piece, and how can they be mobilized effectively to work together and get a strong position on the board? In his trademark humorous and kidfriendly way, Hertan teaches what you should actually be trying to achieve at the start of a game. Kids will love learning how to avoid The Five Most Common Opening Mistakes. This is a fun, easy-to-use, down-to-earth and accessible chess opening primer.

Chess Workbook for Children is a fun, comprehensive workbook and instruction book for children (and adults) who are new to chess or who are in the beginning stages of learning to play the royal game. Two hundred problems with a comprehensive answer key are given at two skill levels: Basset Hound (beginner) and Chess Detective (intermediate). The book has large print and is easy to read and understand.

For all those who love chess, or would like to improve their chess game, these games and puzzles help to work and hone a chess brain.

Learning country flags is an effective introduction to children's geography. Coloring flags is a fun but highly precise activity that will get your child learning about colors, tracing shapes and all the while, getting more curious about the country too! Unlike other coloring activities, this one requires accuracy so you will be able to gauge your child's level of attention and memory. Buy a copy today!

There's no one to tell you that you're creating incorrect color combinations. If there's one thing that you're doing wrong, it could be your grip and the amount of control you exhibit. But that's fine because as you continue to work on your coloring skills, your fine motor and handwriting skills will improve as well. Color today!
