This text helps students get beyond merely compiling dates and facts; it teaches them how to incorporate their own ideas into their papers and to tell a story about history that interests them and their peers. Covering brief essays and the documented resource paper, the text explores the writing and researching processes, different modes of historical writing (including argument), and offers guidelines for improving style as well as documenting sources. --From publisher's description.

Reading Faulkner: Introductions to the First Thirteen Novels is a collection of lectures by Harvard University professor and nationally known novelist and biographer Richard Marius. Marius had been charged with the task of teaching an introductory course on Faulkner to undergraduates in 1996 and 1997. Combining his love of Faulkner's writing with his own experiences as an author and teacher, Marius produced a series of delightful lectures-which stand on their own as sparkling, well-rounded essays-that help beginning students in understanding the sometimes difficult work of this celebrated literary master. An expository treatment of Faulkner's major works, Reading Faulkner comprises essays that are arranged in roughly chronological order, corresponding to Faulkner's development as a writer. In a way sure to captivate the imagination of a new reader of Faulkner, Marius explicates themes in Faulkner's work, and he sheds light on the larger social history that marked Faulkner's literary production. In addition, Marius is a southerner who grew up a couple of generations after Faulkner and, like Faulkner, turned his own world into the setting for his fiction. This unique perspective, combined with Marius's thorough readings of the novels, grounded in basic Faulkner criticism, provides an engaging and accessible self-guided tour through Faulkner's career. Reading Faulkner is perfect for students from high school through the undergraduate level and will be enjoyed by general readers as well. Richard Marius (1933-1999) taught at the University of Tennessee before heading Harvard's expository writing program from 1978 to 1998. He was the author of *Thomas More*, *Martin Luther: The Christian between God and Death*, and four novels about his native East Tennessee. Nancy Gisham Anderson is an associate professor of English at Auburn University, Montgomery. She is the author of *The Writer's Audience: A Reader for Composition* and the editor of *They Call Me Kay: A Courtship in Letters*, and *Wrestling with God: The Meditations of Richard Marius*. She was a longtime friend of Richard Marius.

Its user-friendly design, encouraging tone, concise explanations, and thorough coverage, examples, and "how-to" guidance make The Ready Reference Handbook a book students will find helpful for nearly any writing assignment throughout their college career and into professional life. The Ready Reference Handbook teaches students how to write successfully within rhetorical contexts: understanding the writing situation, deciding on key traits of their audiences, choosing an appropriate purpose, finding and developing topics, writing "revisable" first drafts, and revising, editing, and proofreading so their writing has the polish appropriate to academic and public writing. The emphasis throughout is on the process of writing. It also teaches students how to recognize and solve common problems of grammar, usage, punctuation, spelling, and style. It also provides detailed guidance for research writing, argumentation, writing about literature, business and professional writing, and writing online. The new edition does even more to help students focus on the key elements of successful writing. More "How to" and Computer tip boxes provide instant access and advice in the areas students need it most, while new "Focus On..." charts on each tabbed divider direct students to the essential areas in each section of the book. Easy to use and always encouraging, The Reference Ready Handbook provides students with the ultimate quick reference guide for any writing situation.
