The Highly Sensitive Person Elaine
Dear Highly Sensitive Person (HSP) ...or anyone raising a highly sensitive child (HSC), Welcome. I ' m Elaine Aron. I began researching high sensitivity in 1991 and continue to do research on it now, also calling it Sensory-Processing Sensitivity (SPS, the trait ' s scientific term).

<b>The Highly Sensitive Person</b>
Highly sensitive people are often very bright and creative but many suffer from low self esteem. They are not "neurotics" as they have been labelled for so long. However, high sensitivity can lead them to cease to engage with the outside world.

<b>The Highly Sensitive Person: How to Thrive When the World ...</b>
Elaine R. Aron is a highly sensitive person herself who has a Master ' s degree in clinical psychology and a doctorate. She has researched the subject using 100s of detailed interviews with HSPs. She lives in San Francisco and New York.

<b>The Highly Sensitive Person:</b> Amazon.co.uk: Aron, Elaine N ...
If your answers are yes, you may be a Highly Sensitive Person (HSP). Most of us feel overstimulated every once in a while, but for the Highly Sensitive Person, it's a way of life. In this groundbreaking book, Dr. Elaine Aron, a psychotherapist, workshop leader and highly sensitive person herself, shows you how to identify this trait in yourself and make the most of it in everyday situations.

<b>The Highly Sensitive Person: How to Survive and Thrive ...</b>
this is the book to help them understand themselves and how best to cope in various situations. Highly sensitive people are often very bright and creative but many suffer from low self esteem. They are not "neurotics" as they have been labelled for so long. However, high sensitivity can lead them to cease to engage with the outside world.

<b>The Highly Sensitive Person by Elaine N. Aron   Waterstones</b>
Based on Elaine N. Aron's groundbreaking research on temperament and intimacy, The Highly Sensitive Person in Love offers practical help for highly sensitive people seeking happier, healthier romantic relationships. From low-stress fighting to sensitive sexuality, the book offers a wealth of practical advice on making the most of all personality combinations.

<b>The Highly Sensitive Person in Love: Understanding and ...</b>
In her national bestseller, The Highly Sensitive Person: How to Thrive When the World Overwhelms You, author Elaine Aron defines a distinct personality trait that affects as many as one out of every five people. According to Dr. Aron ' s definition, the highly sensitive person (HSP) has a sensitive nervous system, is aware of subtleties in his/her surroundings, and is more easily overwhelmed when in a highly stimulating environment.

<b>The Highly Sensitive Person — The Highly Sensitive Person</b>
Highly sensitive people are prone to anxiety and depression, partially because they are a minority in a world populated mostly with people who aren't quite so sensitive and don't understand why they have a hard time handling the normal demands of life or always seem stressed or unsocial.

<b>Highly sensitive people - The Telegraph</b>
A human with a particularly high measure of SPS is considered to have 'hypersensitivity', or be a highly sensitive person (HSP). The terms SPS and HSP were coined in the mid-1990s by psychologists Elaine Aron and her husband Arthur Aron, who developed the Highly Sensitive Person Scale (HSPS) questionnaire by which SPS is measured.

<b>Sensory processing sensitivity - Wikipedia</b>
How to cope when the world overwhelms you. For those people who:have a keen imagination; are labelled too shy or too sensitive; who perform poorly when being observed even though they are usually competent; have vivid dreams; for whom time alone each day is essential;and find they are quickly overwhelmed

<b>The 25TH ANNIVERSARY EDITION</b> of the original ground-breaking book on high sensitivity with over 500,000 copies sold. ARE YOU A HIGHLY SENSITIVE PERSON? Do you have a keen imagination and vivid dreams? Is time alone each day as essential to you as food and water? Are you noted for your empathy? Your conscientiousness? Do noise and confusion quickly overwhelm you? If your answers are yes, you may be a highly sensitive person (HSP) and Dr. Elaine Aron ' s The Highly Sensitive Person is the life-changing guide you ' ll want in your toolbox. Over twenty percent of people have this amazing, innate trait. Maybe you are one of them. A similar percentage is found in over 100 species, because high sensitivity is a survival strategy. It is also a way of life for HSPs. In this 25th anniversary edition of the groundbreaking classic, Dr. Elaine Aron, a research and clinical psychologist as well as an HSP herself, helps you grasp the reality of your wonderful trait, understand your past in the light of it, and make the most of it in your future. Drawing on her many years of study and face-to-face time spent with thousands of HSPs, she explains the changes you will need to make in order to lead a fuller, richer life. Along with a new Author ' s Note, the latest scientific research, and a fresh discussion of anti-depressants, this edition of The Highly Sensitive Person is more essential than ever for creating the sense of self-worth and empowerment every HSP deserves and our planet needs. " Elaine Aron has not only validated and scientifically corroborated high sensitivity as a trait—she has given a level of empowerment and understanding to a large group of the planet ' s population. I thank Dr. Aron every day for her having brought this awareness to the world. " —Alanis Morissette, artist, activist, teacher

<b>Dr. Elaine Aron ' s newest book, Psychotherapy and the Highly Sensitive Person, redefines the term " highly sensitive " for the professional researcher and practitioner. She dispels common misconceptions about the relationship between sensitivity and other personality traits, such as introversion and shyness, and further defines the trait for the benefit of both the clinician and patient. Readers will learn to assess for the trait, distinguish it from clinical diagnoses such as panic disorder or avoidant personality disorder, understand how sensitivity may change the presentation of a problem such as depression or shyness, and generally inform, validate, and improve the quality of life for these clients. She pays particular attention to self-esteem issues and helping patients separate effects of their innate temperament from problems due to their personal learning histories. Dr. Aron keeps both patient and practitioner in mind as she suggests ways to adapt treatment for highly sensitive persons and how to deal with the typical issues that arise. Three appendices provide the HSP Scale, a summary of the extensive research on this innate trait, and its relation to DSM diagnoses. Through this helpful guide, therapists will see a marked improvement in their ability to assist highly sensitive clients.</b>

<b>A psychotherapist and workshop leader presents a comprehensive collection of pre-tested exercises developed to enhance the lives of highly sensitive people and help them embrace their unique trait.</b>
Do you fall in love hard, but fear intimacy? Are you sick of being told that you are " too sensitive " ? Do you struggle to respect a less-sensitive partner? Or have you given up on love, afraid of being too sensitive or shy to endure its wounds? Statistics show that 50 percent of what determines divorce is genetic temperament. And, if you are one of the 20 percent of people who are born highly sensitive, the risk of an unhappy relationship is especially high. Your finely tuned nervous system, which picks up on subtleties and reflects deeply, would be a romantic asset if both you and your partner understood you better. But without that understanding, your sensitivity is likely to be making your close relationships painful and complicated. Based on Elaine N. Aron ' s groundbreaking research on temperament and intimacy, The Highly Sensitive Person in Love offers practical help for highly sensitive people seeking happier, healthier romantic relationships. From low-stress fighting to sensitive sexuality, the book offers a wealth of practical advice on making the most of all personality combinations. Complete with illuminating self-tests and the results of the first survey ever done on sex and temperament, The Highly Sensitive Person in Love will help you discover a better way of living and loving.

<b>First, she taught you the value of your highly sensitive nature in her bestselling classic The Highly Sensitive Person. Now, Dr. Elaine Aron is back to teach you how to utilize your sensitivity to tackle a new challenge: Parenthood. Parenting is the most valuable and rewarding job in the world, and also one of the most challenging. This is especially true for highly sensitive people. Highly sensitive parents are unusually attuned to their children. They think deeply about every issue affecting their kids and have strong emotions, both positive and negative, in response. For highly sensitive people, parenting offers unique stresses—but the good news is that sensitivity can also be a parent ' s most valuable asset, leading to increased personal joy and a closer, happier relationship with their child. Dr. Elaine Aron, world-renowned author of the classic The Highly Sensitive Person and other bestselling books on the trait of high sensitivity, has written an indispensable guide for these parents. Drawing on extensive research and her own experience, she helps highly sensitive parents identify and address the implications of their heightened sensitivity, offering:</b> <ul style="list-style-type: none"><li>• A self-examination test to help parents identify their level of sensitivity</li> <li>• Tools to cope with overstimulation</li> <li>• Advice on dealing with the negative feelings that can surround parenting</li> <li>• Ways to manage the increased social stimulation and interaction that comes with having a child</li> <li>• Techniques to deal with shyness around other parents</li> <li>• Insight into the five big problems that face highly sensitive parents in relationships—and how to work through them</li></ul> Highly sensitive people have the potential to be not just good parents, but great ones. Practical yet warm and positive, this groundbreaking guide will show parents how to build confidence, awareness, and essential coping skills so that they—and their child—can thrive on every stage of the parenting journey. " This book is filled with validating, healing and empowering information about how to navigate one of the most important roles of our lives while being highly sensitive. It changed my life in the most healing and empowering ways. " —Alanis Morissette, artist, activist, teacher
--

<b>The bestselling author and psychologist whose books have topped 240,000 copies in print now addresses the trait of " high sensitivity " in children—and offers a breakthrough parenting guidebook for highly sensitive children and their caregivers. With the publication of The Highly Sensitive Person, Elaine Aron became the first person to identify the inborn trait of " high sensitivity " and to show how it affects the lives of those who possess it. Up to 20 percent of the population is born highly sensitive, and now in The Highly Sensitive Child, Aron shifts her focus to highly sensitive children, who share the same characteristics as highly sensitive adults and thus face unique challenges as they grow up. Rooted in Aron ' s years of experience as a psychotherapist and her original research on child temperament, The Highly Sensitive Child shows how HSCs are born deeply reflective, sensitive to the subtle, and easily overwhelmed. These qualities can make for smart, conscientious, creative children, but with the wrong parenting or schooling, they can become unusually shy or timid, or begin acting out. Few parents and teachers understand where this behavior comes from—and as a result, HSCs are often mislabeled as overly inhibited, fearful, or " fussy," or classified as " problem children " (and in some cases, misdiagnosed with disorders such as Attention Deficit Disorder). But raised with proper understanding and care, HSCs are no more prone to these problems than nonsensitive children and can grow up to be happy, healthy, well-adjusted adults. In this pioneering work, parents will find helpful self-tests and case studies to help them understand their HSC, along with thorough advice on:</b> <ul style="list-style-type: none"><li>• The challenges of raising an highly sensitive child</li> <li>• The four keys to successfully parenting an HSC</li> <li>• How to soothe highly sensitive infants</li> <li>• Helping sensitive children survive in a not-so-sensitive world</li> <li>• Making school and friendships enjoyable</li></ul> With chapters addressing the needs of specific age groups, from newborns through teens, The Highly Sensitive Child delivers warmhearted, timely information for parents, teachers, and the sensitive children in their lives.

<b>The Highly Sensitive Person by Elaine N. Aron Phd: Conversation Starters</b> Since its original publication in 1996, Dr. Elaine Aron's book The Highly Sensitive Person: How to Thrive When the World Overwhelms You has been translated into 18 languages and has helped millions of people around the world. Author Elaine Aron introduced the world to a very distinct personality trait. She claimed that it affects one out of five people in the world. She called this HSP or the Highly Sensitive Person. She described this person as highly sensitive because of his sensitive nervous system. This person is aware of his surroundings and these affect the person in an intensified level. This person's key quality is his ability to ponder, explore and associate everything that surrounds him. According to Aron, this "sensitivity is anything but a flaw." In The Highly Sensitive Person, she shifts the perspective on the stereotypes placed on HSPs and helps HSPs themselves to view their personality as an asset not ... A Brief Look Inside: EVERY GOOD BOOK CONTAINS A WORLD FAR DEEPER than the surface of its pages. The characters and their world come alive, and the characters and its world still live on. Conversation Starters is peppered with questions designed to bring us beneath the surface of the page and invite us into the world that lives on. These questions can be used to... Create Hours of Conversation: - Promote an atmosphere of discussion for groups - Foster a deeper understanding of the book - Assist in the study of the book, either individually or corporately - Explore unseen realms of the book as never seen before Disclaimer: This book you are about to enjoy is an independent resource meant to supplement the original book. If you have not yet read the original book, we encourage you to before purchasing this unofficial Conversation Starters.

<b>Are you often told to stop taking things too heart or to toughen up? Do you have a lot of empathy for others? Overanalyze things and get 'stuck in your own head'? Or become easily overwhelmed and frequently need to withdraw? If the answer is YES, you are probably a Highly Sensitive Person and this Handbook will be your survival guide! One in five people are born with the trait of high sensitivity. Yet, there is a general lack of awareness of the trait in our society, which leaves many people struggling physically, emotionally, mentally and spiritually with being highly sensitive in a non-sensitive world. More often than not, HSPs are yearning for acceptance of their trait, not just from other people but also for themselves. When they realize their sensitivity is " normal " and it ' s acknowledged in a positive way, a deep sense of relief arises and they can begin to flourish— feeling empowered to bring their unique abilities of empathy, compassion, creativity, healing and much more into the world. Presented in four sections that lead the reader on a journey of true holistic self-understanding, the book starts with a section exploring the main qualities and challenges of the trait, and how it can be a real gift in life, not a flaw. The second section then delves into impacts of living as an HSP, such as the many masks that they tend to wear (people-pleasing and so on), the relationships they attract, and how they can start on the journey to feeling more valued. The third section provides a wide range of practical strategies to manage the trait more effectively, from more self-love, coping with over-arousal, tapping for emotional freedom, energy protection, dealing with loss and bereavement, and tuning into the healing power of animals. And the final section touches on the more spiritual aspect of life that many HSPs are searching for, whether knowingly or not — from past-life themes to the unseen world, such as angels – in their quest to fully accept themselves, and to live the authentic, fulfilling lives they deserve.</b>
