'The Prisoner of Zenda' is, essentially, a light-hearted and romantic adventure story and, as it states in the introduction to my copy, the author was aware of: "the cultural gulf between 'esoteric' and 'popular' literature" but was also aware that the "ordinary man likes to read... novels of rapid narrative, stirring incident, and normal emotions" and, therefore, set out to produce fiction that was readable and enjoyable - and, in this, he has achieved his aim.

The Prisoner of Zenda is a dystopian adventure novel in which the King of Ruritania is drugged on the eve of his coronation and thus is unable to attend the ceremony. Political forces within the realm are such that, in order for the king to retain the crown, his coronation must proceed. Fortuitously, an English gentleman on holiday in Ruritania who resembles the monarch is persuaded to act as his political decoy in an effort to save the unstable political situation of the interregnum.

A fiendish plot imprisons the rightful king of Ruritania, leaving his dashing lookalike cousin to attempt to save the day. Brimming with adventure and romance, this classic delights readers of all ages.

When the Gentleman, Rudolf Rassendyll, leaves behind his quiet English life for a little vacation, he has no idea what he is about to get involved in. 'The Prisoner of Zenda' (1894) may on the surface look like your classic story of the young brother of a king plotting the disappearance of his older brother to get to the throne. But this is where comparisons end. Because when King Rudolf gets drugged on the eve of his coronation, his half-brother fails to consider that a distant cousin, extremely similar to the king in looks, is visiting the small country. This romantic adventure novel has been adapted many times, and five times for the big screen. The best-known version is the 1937 Hollywood movie starring Ronald Colman. Anthony Hope (1863-1933) was an English novelist and playwright, known for his adventure novel 'The Prisoner of Zenda', the first draft of which he wrote in just one month, and its sequel 'Rupert of Hentzau'. Hope had trained as a lawyer and barrister and completed the final stage of his education under the future Prime Minister, H. H. Asquith, but ultimately chose writing as his profession.

Rupert of Hentzau, conspirator against the King of Ruritania who is exiled and thought to be dead, secretly returns to Ruritania. On the road he intercepts a letter from the unhappy Queen Flavia summoning her English lover, Rudolph Rassendyll, who was once able, owing to his striking resemblance to the monarch, to impersonate and rescue the king from conspirators who had vowed to kill him. Rupert kills the king and, intending to use the purloined love letter to establish himself on the throne, threatens Rudolph that he will reveal the contents of the letter unless his terms are met. Rudolph and Rupert fight a duel, and Rupert is slain. Rudolph refuses the offer of the throne and returns to England, where Queen Flavia, having abdicated, soon joins him.

While on a perilous mission to release the King of Zenda from his captors, Rudolf Rassendyll falls in love with Princess Flavia.

The Prisoner of Zenda (1894), by Anthony Hope, is an adventure novel in which the King of Ruritania is drugged on the eve of his coronation and thus is unable to attend the ceremony. Political forces within the realm are such that, in order for the king to retain the crown, his coronation must proceed. Fortuitously, an English gentleman on holiday in Ruritania who resembles the monarch is persuaded to act as his political decoy in an effort to save the unstable political situation of the interregnum.

Continuing his efforts to protect the former ruler Jason Cullianane, the adventurer Kethol, accompanied by the loyal Pirojil and the fledgling wizard Erenor, sets a complicated plan into action in order to save the kingdom.

This is a book about the long cultural shadow cast by a single bestselling novel, Anthony Hope's The Prisoner of Zenda (1894), which introduced Ruritania, a colourful pocket kingdom. In this swashbuckling tale, Englishman Rudolf Rassendyll impersonates the king of Ruritania to foil a coup, but faces a dilemma when he falls for the lovely Princess Flavia. Hope's novel inspired stage and screen adaptations, place names, and even a board game, but it also launched a whole new subgenre, the "Ruritanian romance". The new form offered swordplay, royal romance, and splendid uniforms and gowns in such settings as Alasia, Balaria, and Cadonia. This study explores both the original appeal of The Prisoner of Zenda, and the extraordinary longevity and adaptability of the Ruritanian formula, which, it is argued, has been rooted in a lingering fascination with royalty, and the pocket kingdom's capacity to hold a looking glass up to Britain and later the United States. Individual chapters look at Hope's novel and its stage and film adaptations; at the forgotten American versions of Ruritania; at the chocolate-box principalities of the musical stage; at Cold War reworkings of the formula; and at Ruritania's recent reappearance in young adult fiction and made-for-television Christmas movies. The adventures of Ruritania have involved a diverse list of contributors, including John Buchan, P.G. Wodehouse, Agatha Christie, Vladimir Nabokov, and Ian Fleming among the writers; Sigmund Romberg and Ivor Novello among the composers; Erich Von Stroheim and David O. Selznick among the film-makers; and Robert Donat, Madeleine Carroll, Peter Ustinov,
