guiding principle of his life. Subroto Bagchi grew up amidst what he calls the 'material simplicity' of rural and small-town Orissa, imbibing from his family a sense of contentment, constant wonder, connectedness to a larger whole and learning from unusual sources. From humble beginnings, he went on to achieve extraordinary professional success, eventually co-founding MindTree, one of India's most admired software services companies. Through personal anecdotes and simple words of wisdom, Subroto Bagchi brings to the young professional lessons in working and living, energizing ordinary people to lead extraordinary lives. Go Kiss the World will be an inspiration to 'young India', and to those who come from small-town India, urging them to recognize and develop their inner strengths, thereby helping them realize their own, unique potential.

'Anne of Windy Poplars' is the fourth book in the 'Anne of Green Gables' series. In this novel, 22-year-old Anne has left college to serve as principal of Summerside High School and settles down in Windy Poplars. Anne has to overcome opposition to her presence from an influential family, the Pringles. The Pringles family make it well known she was not what they had hoped for in their new Principal. She also finds new friends in Aunt Kate, Aunty Chatty and Rebecca Dew. This early work by Lucy Maud Montgomery was originally published in 1936 and we are now republishing it with a brand new introductory biography. Lucy Maud Montgomery was born on 30th November 1874, New London, in the Canadian province of Prince Edward Island. Her mother, Clara Woolner (Macneil), died before Lucy reached the age of two and so she was raised by her maternal grandparents in a family of wealthy Scottish immigrants. In 1908 Montgomery produced her first full-length novel, titled 'Anne of Green Gables'. It was an instant success, and following it up with several sequels, Montgomery became a regular on the best-seller list and an international household name. Montgomery died in Toronto on 24th April 1942.
