Who'd be a copper? follows Jonathan Nicholas in his transition from a long-haired world traveller to becoming one of 'Thatcher's army' on the picket lines of the 1984 miner's dispute and beyond. His first years in the police were often chaotic and difficult, and he was very nearly sacked for not prosecuting enough people.

Who'd be a Copper?: Thirty Years a Frontline British Cop by Jonathan Nicholas (2015-03-10): Jonathan Nicholas: Books - Amazon.ca

'I am an endangered species - a cop who has actually reached retirement age,' says Jonathan Nicholas. Who'd be a copper? follows Jonathan Nicholas in his transition from a long-haired world traveller to becoming one of 'Thatcher's army' on the picket lines of the 1984 miner's dispute and beyond. His first years in the police were often chaotic and difficult, and he was very nearly sacked for not prosecuting enough people. Working at the sharp end of inner-city policing for the entire thirty years, Jonathan saw how politics interfered with the job; from the massaging of crime figures to personal petty squabbles with senior officers. His last ten years were the oddest, from being the best cop in the force to repeatedly being told that he faced

dismissal. This astonishing true story comes from deep in the heart of British inner-city policing and is a revealing insight into what life is really like for a police officer, amid increasing budget cuts, bizarre Home Office ideas and stifling political correctness. "I can write what I like, even if it brings the police service into disrepute, because I don't work for them anymore!" says Jonathan Nicholas. *Who'd be a copper?* is a unique insight into modern policing that will appeal to fans of autobiographies, plus those interested in seeing what really happens behind the scenes of the UK police.

From a beloved master of crime fiction, *The Empty Copper Sea* is one of many classic novels featuring Travis McGee, the hard-boiled detective who lives on a houseboat. Asking for help is something a proud man like Van Harder would never do. So when he shows up at the Busted Flush, Travis McGee knows that he must be the man's last resort. What Harder wants salvaged is his reputation. After a long career as a seaman, he was piloting a boat the night his employer fell overboard. Harder is certain he's been set up, but to help him, McGee must prove that a dead man is actually alive. "John D. MacDonald is a shining example for all us in the field. Talk about the best." Mary Higgins Clark The fateful ride started with Harder at the helm of Hubbard Lawless's luxury cruiser. It ends with him coming to, fuzzy and disoriented, and Hub lost to the water. Now everyone is saying that Harder got drunk, passed out, and is negligent in his boss's death. The thing is, Van's not a drinker . . . at least, not anymore. Who would want to frame the good captain, and to what end? Dead or alive, Lawless is worth a lot of money. People are always eager to get a piece of that action—including some, as McGee soon finds, who are willing to take a piece out of anyone who gets in their way. Features a new Introduction by Lee Child

Have you ever thought your local hospital might be haunted? Did you know the police are sometimes called upon to deal with thieving patients, dishonest staff, and even medical professionals with strange and disturbing sexual habits? Did you know hospitals are regularly and ruthlessly targeted by unscrupulous thieves? All this and more is probably happening in your local hospital, but so far you have been blissfully unaware. Until now! PC Jonathan Nicholas, a serving police officer, has worked an inner-city hospital beat for six years. He has decided to reveal some of the incidents he has dealt with and has collected them together in this book. Weird, shocking, moving, and often amusing, these incidents are a fictional tale based on real incidents and real people. Using information drawn from personal recollection, his police notebook, prosecution files, and anecdotes from staff, patients, and offenders, it is a collection of stories that have never been told before. The book reveals all the behind-the-scenes enquiries and efforts undertaken by this particular hospital police officer, with the invaluable assistance of the hospital staff themselves, in order to ensure such places remain safe and relatively crime-free. Television dramas about hospitals are never like this! A work of adult crime fiction, *Hospital Beat* is a unique insight into modern policing inside a British hospital and will appeal to fans of humorous "I never knew that" writing. Author Jonathan takes writing inspiration from Dirk Bogarde.

NEW YORK TIMES bestselling author Jane Porter takes readers to the charming town of Marietta, Montana, in this feel-good holiday romance. She's determined to make Christmas

perfect. After a set-back, Harley Diekerhoff led a quiet life and kept to herself. Taking the temporary job at the Copper Mountain Ranch as widower Brock Sheenan's housekeeper seemed perfect for her. But her calm cocoon is invaded with the arrival of Brock's pre-teen twins, Mack and Molly, who've never experienced a proper Christmas. Annoyed at first by Harley's interference, Brock is secretly pleased she's changed his twins' world. It doesn't hurt that he finds Harley incredibly attractive, fierce, smart and passionate. It's also an added bonus that she's not afraid to challenge him and get his blood heated! But when sparks fly and the attractions sizzles between them, Harley's not so sure she can handle something permanent with this dark, taciturn cowboy who doesn't know how to let her in. Can Brock hold on to her and pray for a Christmas miracle?

"The kibbutz will change your life, Jonathan. You do know this?" 1978. Jonathan was a naïve eighteen-year-old who had just finished his A-levels. His cousin Andy suggested they fly to Israel in order to experience life on a kibbutz as a "volunteer". Jonathan had never even heard the word kibbutz and he knew very little about Israel, but he agreed to take part in the adventure and made the necessary arrangements. He arrived at a fortified settlement in the Upper Galilee, surrounded by a high fence and rolls of barbed wire, called Kibbutz Dafna. It was nestled at the top of the Hula Valley, in the shadow of the spectacular snow-capped peak of Mount Hermon in the Golan Heights. He was allocated a thin, iron-framed bed under a window in a small, filthy room that he shared with three other English men - and colonies of ants and fast-running cockroaches. Jonathan's first impressions were not promising. The food was awful and he had absolutely nothing in common with anyone at the kibbutz. He was set to work on night shifts in a bleak factory, on some dangerous and arcane machinery. He'd never worked in a factory before. He'd never worked shifts before. He hated it. He struggled with the physically demanding and unpleasant work, and was hopeless at it. He realised he had set himself a target of staying there for six months, which seemed like an awful prospect. Unable to face the ignominy and embarrassment of running home in the first week, he decided he must do his best, and try to overcome adversity. Kibbutz Virgin is his story. Read on as Jonathan experiences danger when caught in cross-border conflict between Lebanon and Syria, romance as he shacks up with an American girl called Chrissie, and adventure as he tries some not-so-legal substances. Kibbutz Virgin will appeal to fans of travel writing and those interested in Middle Eastern history. Jonathan Nicholas, who published *Hospital Beat* in 2011 with Matador, has been inspired by Dirk Bogarde.

She was tall, blonde, and offering Garrett an irresistible fee to take a case that seemed open and shut. But in a town of elves and humans, thugs and swindlers—a place where magic and religion could prove an all-too potent mix—Garrett had learned to take a long, hard look before saying yes. Garrett's doubts are confirmed when the Grand Inquisitor comes looking for his help in the lovely lady's wake. But even a hard-boiled detective like Garrett, with a Dead Man for an ally and the toughest half-elf in town guarding his back, can find that it's too late to say no. Turns out Garrett's been fingered as the latest sacrifice to a long-dead god—and his only chance to save his neck is to solve the case.

This study places Kipling's fiction in its original cultural, intellectual and historical contexts, exploring the impact of India, America, South Africa and Edwardian England on his imperialist narratives. Drawing on manuscripts, journalism and unpublished writings, Hagiioannu uncovers the historical significance and hidden meanings of a broad range of Kipling's stories, extending the discussion from the best-known works to a number of less familiar tales. Through a combination of close textual analysis and lively historical coverage, *The Man Who Would Be Kipling* suggests that Kipling's political ideas and narrative modes are more subtly connected
